

How to find «Guest House Close to Kristiansand»

From Kristiansand:

Follow E39 out of Kristiansand, direction Stavanger. Make sure that you keep right in the tunnel. It looks as if E39 to the right is just a side road, but that is where you want to go.

Where the new motorway starts (there is a Shell petrol station on each side of the road) you keep right, direction Nodeland. You do NOT want to enter the motorway. If you should happen to miss this exit, leave the motorway on the next exit («Søgne øst»), and then turn right, direction Nodeland. The rest will be as if you arrive from the west (see below).

At Brennåsen you turn right on to road 461, direction Nodeland.

From here, directions are common for both east and west.

From the west (Mandal):

After exiting the Søgne tunnel («Søgnetunnelen») you exit the motorway towards «Søgne øst».

In the roundabout, you turn left, go under the motorway, and in roundabout on the other side you turn right, direction Nodeland.

At Brennåsen you turn left on to road 461, direction Nodeland.

Common for both east and west arrivals:

Approx. 1,4 km after Brennåsen you turn right, on to Løvollvegen. Just be observant here, this exit could be easy to miss.

After only a few metres, you turn left on to Nodelandsvegen, direction Kulien gartneri.

Follow Nodelandsvegen until you have passed Kulien gartneri (approx. 400m), and right after you will see the entrance to the house on your left hand.

Welcome!
